## AMERICAN FORCES IN THREE SECTORS

Arrival of Yankees in the Area in  
Northern France Controlled by  
British Announced

MAY BE IN FOUR SECTORS

Artillery Fire Continues and Avia-  
tors Are Out in Swarms—  
Some Gas Shelling

(By United Press.)

Paris, May 17.—"There was only one case of torpedoing where American ships are operating during February compared with 34 in October and in April there was none," Admiral Wilson declared today in an interview.

Rome, May 17.—Italian naval forces torpedoed and sank an enemy torpedo boat and steamer at Durazzo on the eastern coast of the Adriatic Sunday night it was officially announced today.

Italian planes bombed and set fire to military work on Lissa and Durazzo Tuesday.

Americans on British Front, May 17.—The arrival of American troops in the area in northern France controlled by the British, places Pershing's forces in at least three and probably four sectors, in the Western offensive front.

They have already been officially announced as brigaded with the French between Hailles and Hangeard, and west of Montdidier. Both of these sectors are southeast of Amiens.

With the British Army in France, May 17.—German artillery fire was concentrated on the front lines and east of Hinges and Paut wood at three o'clock this morning and the British positions were fairly heavily shelled but there was no action as the British guns cooled any ardor the enemy might have had for an attack.

There was some gas shelling in the Givenchy, Viny and Avion regions. The weather is unusually warm and the aviators are out in swarms. Aerial contacts continue almost unceasingly.

Captured 40 Germans

Paris, May 17.—Violent artillery fighting near Amiens was reported by the French war office today.

A German raid was repulsed northwest of Lassigny.

French detachments took 40 prisoners including one officer.

Great Artillery Activity

London, May 17.—Both allied and German artillery have developed great activities in Flanders. Field Marshal Haig reported today.

## ABOUT TO DELIVER THE GREATEST BLOW

Gen. Smuts of British Army Says  
German Drive Will be Result of  
Four Years of Effort

NO DOUBT ABOUT THE RESULT

(By United Press.)

Glasgow, May 17.—"Americans are coming by the thousands, I might say by the hundreds of thousands, every month and therefore there is no doubt about the result," General Smuts of the British army declared in an address here today.

"As a climax of four years of accumulative efforts the Germans are about to deliver the greatest blow of the war," he declared.

"The enemy is determined to split the French and the British armies and seize the channel ports, realizing that if the British army is beaten the war will be over."

## 3 KILLED IN EXPLOSION

Nitroglycerine Lets go Near Peasant  
City, O., While Being Hauled

(By United Press.)

Zanesville, Ohio, May 17.—Three men were killed near Peasant City, today in an explosion of thirty cans of nitroglycerine being transported overland in an automobile truck.

The explosion occurred when the driver of the truck attempted to pass a drag. The truck struck a rut in the road.

## RUNS INTO TRAFFIC POST; ASKS DAMAGES

Grover C. Hutcherson Brings Suit  
Against the City as Outgrowth  
of Accident March 23

HIT CEMENT POST WITH CAR

Grover C. Hutcherson has filed suit against the city of Rushville for \$500 damages, which he alleges he suffered in damage to his automobile and in personal injuries when he ran into a traffic post at the corner of Second and Morgan streets.

The accident which is the basis for the suit happened about seven o'clock in the evening on Saturday, March 23. The complaint says he was driving in Second street and that the traffic post was not visible but a short distance away on account of the streets being wet. The plaintiff says the city had "negligently, carelessly and recklessly erected the concrete movable post, which is described as being 24 inches in diameter at the base, ten inches at the top and five feet high.

Hutcherson wants \$250 for the damage done to his machine and \$250 for injuries he sustained, the complaint says consisted of severely cut and bruised head and face and severely strained and injured legs back and shoulders.

## FAMOUS ITALIAN FLYER KILLED IN FALL TODAY

Resnati Crushed When Wings of  
Plane Collapse When he is Fly-  
ing at Hempstead, N. Y.

ACCIDENT IS BEING PROBED

(By United Press.)

Hempstead, N. Y., May 17.—Resnati, the famous Italian aviator was killed in an airplane which fell here today.

He was testing an American plane which fell 100 feet when the wings collapsed.

He gained fame by a flight over the Italian front carrying passengers in a big machine.

The manner in which the wings of the plane suddenly collapsed caused suspicion among aviators and investigation was started immediately.

DISCUSSES A NEW ALLIANCE

Premier Wekerle Says it Will Not  
Affect Hungarian Independence

(By United Press.)

Amsterdam, May 17.—Premier Wekerle, responding to a query in the Hungarian house of deputies, declared that the new Austro-German alliance discussed by Kaiser Wilhelm and Emperor Karl does not affect the independence of Austria-Hungary, according to a dispatch today. "The existing alliance was strengthened and extended lengthily," he said. "The monarchs agreed to ask their respective governments to open negotiations to confirm this new movement, but no treaty was signed."

Pupils of the Serbia schools have purchased \$1,015.69 worth of War Savings and Thrift stamps.

## Rumor Of Alleged Red Cross Expense Is Untrue

Story That \$125 Had Been Paid For Auditing  
Treasurer's Report Based Solely on a  
False Inference.

HINDERING WAR FUND DRIVE IN CENTER

A rumor bobbed up today which threatened to damage the Red Cross second war fund campaign which opens Monday, and when it was traced to its source, it was found to have been started through a false inference and later told for the truth.

Mr. Harter, whose wife is a member of the Red Cross executive committee in Center township, reported to E. B. Thomas, chairman of the Rush county chapter, that the story was being repeated that the Red Cross chapter here had paid \$125 for having the report of the treasurer audited, and that many persons were using this as an excuse for not subscribing to the war fund.

Mr. Harter said the story was reported to have originated with William Trowbridge of Center township, who was said to have told that he read an item in the Daily Republican which said that the Red Cross had paid \$125 to have the treasurer's books audited. Since Red Cross service is supposed to be given free, the story was elaborated on and was

hindering the war fund drive.

Mr. Trowbridge was called by telephone this morning and asked about the report. He said he had read something in the Republican a few days ago which he inferred meant that \$125 had been paid for having the treasurer's report audited. Asked where it was in the paper Mr. Trowbridge asserted it was in the list of commissioner's allowances.

The last commissioner's allowances published were found in the issue of Saturday, May 11, on page 4. In them was the following item: "Lewis M. Sexton, treas. Red Cross books, \$125." Mr. Trowbridge said this was the one he inferred meant payment for auditing the treasurer's report.

The real purpose of the allowance of this \$125 was to buy copies of the Red Cross county war history at 25 cents each to be distributed free of charge among the Rush county soldiers who have joined the colors in the present war. The appropriation was made in the regular way by a unanimous vote of the county council.

## PLANS TO HONOR VETERANS OF '61

Executive Committee Arranges Ap-  
propriate Program For Morn-  
ing and Afternoon Meeting

NUMBER GROWS SMALLER

Will be Escorted to the Cemetery by  
Boy Scouts Where Graves Will  
be Decorated

The members of the Woman's Relief corps have begun active preparations for a monster demonstration, May 30, when Decoration Day will be observed here, honoring Rush county's old soldiers.

The executive committee is headed by Mrs. Selman Webb and appropriate programs for both the morning and afternoon sessions are being planned. With each passing year the number of old soldiers in Rush county grows noticeably smaller and this year a special effort will be made to have the event one of special note. With the existing war conditions in view, the ceremonies will take on an added note of solemnity and in addition to the honor which will be paid to the veterans of the civil war, services honoring Rush county's sons who are engaged in the present struggle will be held.

In the morning as in former years the old soldiers will assemble at the court house and, escorted by the Boy Scouts, will be taken to the cemetery in automobiles where the graves of their dead comrades will be decorated with flowers and flags.

The women in charge of the services have issued their first call for flowers and wish any persons who have garden flowers, or who will have them at that time to send them to the court house in order that they may be made into bouquets with which to decorate the graves of the dead.

In the afternoon a program will be given in the assembly room of the court house and although the entire program for the affair has not been arranged, a number of excellent speakers have been secured and in addition a musical program will be given.

## FOUR DETECTIVES ARE SHOT

One Killed and One Fatally Injured  
at Detroit Today

(By United Press.)

Detroit, Mich., May 17.—Four Michigan Central detectives were shot down, one killed and another perhaps fatally wounded in a battle between seven detectives and four thieves who had been tampering with freight cars in the Michigan Central yards. The bandits escaped.

## THREE CLERKS LEAVE FOR FORT HARRISON

Accompanying Them is Walter May  
Who Takes Place of Charles  
Remington, Discharged

COLUMBUS CALL NEXT WEEK

Friends and relatives of the three registrants voluntarily inducted as clerks into the national army, were at the C. I. & W. station this morning when they entrained for Fort Benjamin Harrison at 10:51. Thomas Cooning of this city and John H. Goode and Guy McBride of Mays were the young men who went. Walter May, a selective, also accompanied them, being inducted into the service to take the place of Charles M. Remington, who was sent to Fort Harrison Monday morning, May 6, with a quota of three and was discharged because of physical unfitness.

The army selection board received word today that the quota of sixteen from this county called to the barracks at Columbus, O., would not be ordered to entrain before Wednesday, Thursday or Friday of next week. The five-day troop movement begins Monday and the board was doubtful about having the increment ready if they were called Monday. As soon as a definite date of entrainment is received, the selectives, all of whom have been picked, will be notified.

## IS NOT OPPOSED TO ANY AIRCRAFT PROBE

Pres. Wilson, However, is Against  
"Covert Purpose" of the Cham-  
berlain Resolution

SAYS HE KNOWS WHAT IT IS

(By United Press.)

Washington, May 17.—President Wilson today authorized Secretary Tamm to deny emphatically that he is opposed to any investigation of the government aircraft program. He is, however, opposed to the "covert purpose" of the Chamberlain resolution which he declared he knows and understands.

The president's direct statement is designed to clear up conflicting interpretation placed by congress.

W. BALL GOING TO FRANCE

Son of E. W. Ball to Serve as Y. M.  
C. A. Secretary at the Front

William Henry Ball of Indianapolis, son of E. W. Ball of this city, has been accepted as a Y. M. C. A. secretary for overseas duty and has applied for passports at the clerk of the federal court at Indianapolis. He is one of six Indianapolis men who have been recommended for service at the front in France by the national war council of the association. He is mill superintendent for the Lewis-Farbes Lumber company of Indianapolis and has shown a capacity for leadership in church, social and business activities.

Pupils of the Winslow schools have sold \$1,148.50 worth of War Savings and Thrift stamps.

## ENTHUSED OVER DRIVE PROSPECTS

Red Cross Workers Are Optimistic  
on Eve of Campaign for \$16,000  
In Subscriptions

WILL MAKE IT SHORT ONE

Canvassers Reach Allotment in One  
Day, Either Monday or Tuesday  
—Organization Ready

As the eleventh hour preparations for the dash to the \$16,000 goal, which has been set as Rush county's allotment in the Red Cross war drive arrives, greatest enthusiasm marks every township in the county where excellent organizations have been completed.

With Washington township already holding the record for the first township in the county to report the subscription of its quota in the drive, each of the other eleven townships are eager to be the next to report its quota complete and are preparing to work to that end.

Most of the townships expect to conduct the drive in one day and in most cases have selected either Monday or Tuesday to make their lightning trips through their district. Posey, Walker and Orange townships are working their canvassing committees in full force, each of the organizations most desirous of completing their work in advance of the rest.

The Red Cross canvassing organization for the county is as follows:

### NEED CERTIFICATE TO PURCHASE SUGAR

Rushville Manufacturers Must Show Them In Order to Buy From Retailers

### FOOD ADMINISTRATION RULING

From today on Rushville manufacturers will find it necessary to show their certificates if they wish to purchase sugar from local retailers, according to the newest ruling received here from the office of state food administrator Barnard.

The new ruling goes into effect immediately and today Dr. Frank Sparks, city food administrator, received the certificates from the administrator to be distributed among the manufacturers. The problem of retailers selling sugar to manufacturers has been one of the most puzzling in the entire sugar program and according to the word sent out by the state administrator the new ruling in the matter must be obeyed to the letter. Any misuse of the order will be reported to the state headquarters from where the offender will be dealt with.

### REGISTRATION EXCELLENT

More Than 750,000 Cards Have Been Filled Out in Indiana

Indianapolis, Ind., May 17.—More than 750,000 cards for the registration of women in Indiana have already been used in the campaign and calls have been received from many county organizations for additional supplies. Several of the counties have already reported a 100 percent registration while in others women, eager to register, have been unable to do so because of lack of cards. Every woman of more than 16 years of age will be registered when the campaign closes, the workers hope. The total will be over 1,000,000.

### Days Pickings

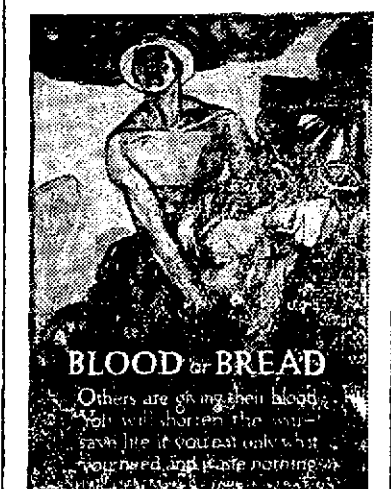

Forrest Jones who enlisted in the quartermasters corps of the United States army, a few days ago at a Chicago recruiting office, has been sent to the quartermaster's training school in Florida.

T. J. Kelly of Louisville, Ky., who has been seriously ill for several days is improving. Mrs. Stephen Kelly was called to Louisville the first of the week.

The usual services will be held at Ben Davis Creek church Sunday and the Rev. Wilbur Sullivan will preach morning and night.

William Fisher has filed suit against the C. C. C. and St. L. railroad for \$429.73 damages.

Lotus Gartin son of Mr. and Mrs. James Gartin north of the city, is ill.

### DYNAMITE DESTROYS HOMES

(By United Press.)

Kokomo, May 17.—A charge of dynamite under the home of Thomas Stewart exploded yesterday wrecking the Stewart house and the adjoining home occupied by the Leo Wilson family. Both families were in bed when the dynamite exploded but no one was injured seriously. All were badly shaken and cut slightly by flying glass.

### DELCO-LIGHT Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year.  
That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes.  
It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and other appliances.

# Woman Is Back At Daily Work

Tells How Tanlac Improved Health  
so That She Feels Fine  
Again

Mrs. Mary Mastyn, 936 North Illinois street, Indianapolis, says Tanlac, the famous tonic, has helped her greatly and she highly recommends it for folks whose systems are out of order.

"I used to get up mornings with a dull headache and I didn't have any appetite for breakfast at all," Mrs. Mastyn said. "A cup of coffee was about all that I'd care for and if I are very much I was sure to be sick at my stomach."

"I just felt tired out all the time. I seemed to be weak all over and I didn't want to do any work or anything else."

"Finally I tried Tanlac and it certainly did help me. I just feel fine. I'm a hundred and Tanlac has improved my health so much that I'm back working every day now. I've got a great appetite, too, and eat good. All the tired out feeling has left me and I'm feeling fine all over."

"I think Tanlac is a great medicine."

Get Tanlac if you feel run down and get it today. Don't put it off. Delay in health matters is dangerous. You can get Tanlac at F.E. Walcott's Drug Store or any good drug store.

## For Rheumatism

Try Tanlac Rheumatism Treatment for rheumatism. It is helping hundreds and will do for you what it is doing for others. You can get it at any good drug store. (Adv.)

## America's Place at the Front

A young Italian diplomat said to an American friend recently: "I saw a moving picture showing the invasion of America. I remember that I could not be stirred by it as were my American friends; to me it was only a show. Now Italy is invaded. It is not a show. It is a reality. You sympathize—but you cannot know."

An English woman now in this country told of spending five successive nights in the cellar of her little home to escape Zeppelin raids and she added: "You forget that England is now one of the invaded countries?" France, Belgium, Italy and England: all are now scenes of actual invasion.

America has not been invaded, it is true, but her boys are being shot down. It is her fight.

The very fact that her territory has not been invaded, the very fact that she has been spared this desecration of her towns and villages, makes the responsibility for personal sacrifice double here.

She should give and keep on giving. Her own personal comfort has not yet been touched. She should contribute money and then more money. But all the money in all the Allied countries will not win the war without food.

America is being asked right now to give every grain of wheat she can possibly spare. There ought to be but one answer to this request: "Take it." Most of us ought to say: "Take it all."

France has again cut down her bread ration to about two-thirds of that heretofore maintained. Since bread constitutes over one-half of the diet of the French nation, this is a greater denial even than it sounds.

Every patriotic American should sacrifice his own taste, comfort and convenience in order to give to those who have suffered so long and cruelly in this war, his last grain of wheat.

## Our Bit is Small

If the motive of thrift does not appeal to you in the matter of purchasing War Savings Stamps, consider the appeal of your patriotism. Our country is engaged in a terrible war. Thousands of our brothers are enduring the miseries of camp-life and fearful strain and danger of the trenches. Thousands of them will offer their lives, other thousands will be maimed or crippled or injured in health. The country needs money to maintain them, and to make their service effective. The War Savings Stamps and Certificates are a means of raising this needed money. The country looks to you to furnish it. It is your part in winning the war for democracy.

## FIRST OF A SERIES OF RALLIES TONIGHT

Delegations From Four Baptist  
Young Peoples Unions Coming  
Here For Meeting

## REV. BUNNELL WILL SPEAK

The first of a series of district rallies of the Baptist Young Peoples Union of the Flatrock association will be held at the First Baptist church here tonight, beginning at seven o'clock. Representatives of the societies from Connersville, Richmond, Cambridge City and Elkhorn are expected. The second rally of the series will be held at Greensburg Friday, May 31, and the third at Shelbyville Friday, June 1.

The hour from seven until eight o'clock tonight will be devoted to a social good time. During this social hour, each delegation will give a musical number or a reading. The Rev. C. J. Bunnell will deliver the main address of the evening at eight o'clock. Dallas F. Renn is president of the Flatrock association and Myrtle Pearson is secretary.

How small a part it is! It may require some self-sacrifice as to luxuries or pleasures. It may, indeed, demand self-denial and abstinence from comforts—even a reduction in the amount of what are regarded as necessities. But even if it does, what are these discomforts compared with those suffered by the young men who are fighting your battles?

Your part is indeed small in the great sacrifice! Will you not cheerfully, manfully "do your bit?"

## When Knox Was on the Trail

Senator Knox of Pennsylvania is not inclined to minimize the difficulties of determining whether there have been criminal irregularities in the conduct of the aircraft business; but he was happily able to make a contribution to the debate which the senate held on the subject wherein he could point out that even apparently insuperable obstacles to a successful investigation may be overcome. He referred to the Greene-Gaynor frauds, unearthed while Mr. Knox was attorney general. Here the concealment of ill-gotten gains was thought to be perfect. Yet Mr. Knox was able to trace the money through all of its devious channels; and to trace the offenders across international boundaries and through the highest courts in the United Kingdom. But the money was recovered, the guilty men were brought back, and punishment was meted out. What has been done can be done is evidently Mr. Knox's conclusion.

A committee of editors named by the American newspaper Publishers' association is to investigate conditions in George Creel's bureau of public information. One remedy which has been suggested is that an advisory committee of editors from the association shall be added to Mr. Creel's already swollen staff. To this the former president of the association, under whose administration the association made it attack upon the Creel bureau, dissents. He says the only real remedy is for Creel to resign. We think he is right. The case is one which calls for a capital operation. It is a case for surgery, not for poulticing.

Why not be cosmopolitan in eating? If we use more Scotch oatmeal, Irish potatoes, English barley, Japanese rice and Indian corn we can send more American wheat to our boys in the trenches.

A small piano is manufactured for use in the front line trenches. A piano usually fulfills two purposes—it cheers the possessors and annoys the neighbors.

Our aircraft have not yet been built. But it is hinted that just the same they have already flown away with considerable money.

The Overman bill is a great little visitor. It has sent four months with the senate and is now being entertained by the house.

Swat the early fly, and then he will be the late fly, but not the lamented one.

The Haig line could never be called the "line of least resistance."

## City Comfort for Farm Homes

You can be warm all over. You don't have to be roasted on one side and cold on the other. You needn't lug coal from the cellar and carry ashes down from upstairs. You needn't get up in the cold to build fires. You needn't spend time and elbow grease cleaning soot from the ceilings.

You ----- But what's the use? You know the advantages of a furnace without our telling you. You've gone without a furnace for the same reason that you've stood for off-year crops—because you thought you must. House already built, cellar not suitable or too expensive to cut holes in the house and install pipes. Nothing to it. Those objections are dead as last week's war bulletin. Our wonderful invention makes furnace pipes unnecessary. The Caloric Pipeless Furnace can be installed in any house new or old because there are no pipes to put in. You need cut only one hole for the single register immediately above the furnace. The

Burns coal, coke or wood and is guaranteed to save 31% of your fuel. This enormous fuel saving is secured by means of our double ribbed firepot and high domed combustion chamber. Also there are no pipes to cause waste of heat.

The double ribbing of the firepot enables us to secure sunken spaces on the inside without sacrificing strength. The sunken spaces permit free air circulation so that the coal is thoroughly burned and it also prevents ashes collecting to decrease heat radiation.

Our firepot by reason of its special ribbed design and the single register heats 10,000 cubic feet more than the ordinary furnace. This firepot is guaranteed for five years.

Our high combustion chamber provides for the burning of the carbon flakes, ordinarily called soot, which otherwise would go out the chimney in the form of heavy black smoke. When you use the Caloric Pipeless Furnace you get heat in your house instead of soot on your roof. A clean house and a small coal bill.

A further fuel saving is made by the fact that no heat is lost in pipes, but comes through one register and is distributed through the house.

The Caloric Pipeless Furnace is also made in larger sizes for schools, churches, hall, etc. Just tell us what your heating problem is and we will show you how to solve it.

## Look! Strong Guarantee!

This is our daring method of proving to you what the Caloric Pipeless Furnace will do for you. We do not expect you to believe the strong points about this furnace on somebody's say-so, and therefore we make a guarantee offer that heretofore was absolutely unheard of in the furnace business. Here is our proposition:

You put the Caloric Pipeless Furnace in your house, school, hall or other building and give it a fair test. Workmanship, material and heating results are guaranteed. If anytime during the first year you find this Pipeless Furnace unsatisfactory, we will correct it. Nothing can be fairer than this.

## Come In to See It

You cannot thoroughly appreciate the Caloric Pipeless Furnace unless you actually see it. We can easily prove to you that this furnace will heat your entire house with no pipes and only one register. We also want to tell you about the strong Caloric guarantee that absolutely protects you.

## What is the Final Answer To This Truck Question?

**ISN'T IT UPKEEP**—cost of operation, repairs and replacements—tires included—from year to year?

**WELL THEN**, if that is the case, what justification is there for a truck of no greater capacity and costing several hundred dollars more in the first instance, unless that truck can, after years of use, prove that its upkeep is sufficiently less to offset the difference in first cost?

**THAT IS THE THEORY** on which most buyers act when they pay \$1600 to \$2000 for a truck rated at 1500 pounds normal load.

**HAVE YOU EVER** investigated this matter to see if such trucks prove up on that basis? Well you ought.

**THERE ARE SOME SURPRISES** in store for those who do.

**FOR OBVIOUS REASONS** we cannot publish figures—because business ethics forbid us to publish names of competitors.

**BUT ANY REO DEALER** can show you comparative data, kept by big concerns, of this 1500-pound Reo doing the same work, side by side with others of well known makes costing 50% to 100% more—and in every case the Reos show lower upkeep cost!

**SO, WHILE THE REO IS PAYING** back, in efficiency and economy, its total first cost, the other isn't even making good on its promise to pay back the difference.

**HOW CAN WE REO FOLK** make a truck of this quality and sell it at this price?

**SUMMED UP IN A FEW WORDS** it is this: The Reo product has been standardized for longer and it was the result of riper experience to begin with.

**ADD TO THAT** our superior manufacturing facilities and our cash purchasing power and you have the reasons for our lower factory cost.

**AND THE OVER DEMAND** which Reos always enjoy cuts our selling cost down to a percentage that is the marvel and the envy of the industry.

**ITS ADAPTABILITY** is practically limitless.

**CONTRACTORS**, Coal dealers, Builders supply houses, Furniture dealers, Grocery, Fruits—

**BUT WHY TRY TO ENUMERATE?** There seems to be no limit to its adaptability.

**GASOLINE** consumption is commonly reported by users as averaging 19 to 22 miles per gallon—depending on number of stops when motor is running and using gasoline, but speedometer isn't recording.

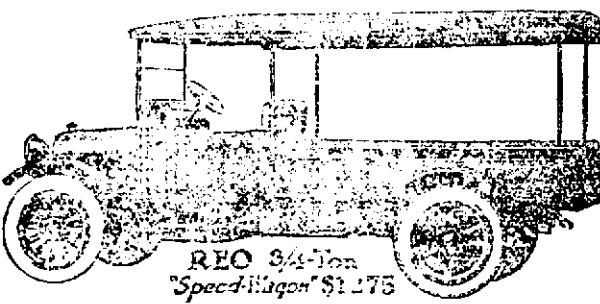

**AND TIRE MILEAGE**—due to the sturdy construction of the chassis and wheels, (a flimsy car is hard on tires, you know) is also a revelation to owners.

**BECAUSE OF THE OVER DEMAND** it is necessary that you order now if you'd have a reasonably early delivery. Today won't be a minute too soon.

Political Machines Linked with Vice Have Been Exterminated in Cities Near Cantonments

### INFLUENCE OF POLITICIAN

Centralized Budget as Most Effective Urged at National Social Workers Conference

(By United Press.)

Kansas City, May 17.—Political machines which in many cities dominated the local government through a secret link with vice, have been destroyed in cities where cantonments are now located, according to Gen. S. Bellamy, president of Dham House, Cleveland.

Bellamy spoke here at today's session of the National Conference of social workers. He is a representative of the War Department commission on Training Camp activities.

"The subtle influence of the politician on vice has been broken by Secretary Baker's order," he said.

"The moral social side of every city wherein or near which an army post has been located has been improved. Camp cities are bound to go far beyond non-camp cities in their development of those ideals for which social workers have been fighting for thirty years."

Specific instances of the collision between politicians and vice were set forth by the speaker who said he saw vice openly exploiting hand in hand with local administrations before the government zone order went out.

William C. White of Milwaukee urged a "centralized budget" as a more effective means of securing financial assistance necessary to welfare work.

"Business men want to give generously and intelligently to the support of charities," he said, "but they prefer one centralized appeal rather than forty demands for support."

"A financial federation should be started to alleviate the strain of multiplied appeals all of which the business man has not time to investigate."

## WAR AND WOMEN

We hear much these days of what the women are doing on the battle line. How few American women are strong enough to go to the front and endure the hardships of the men!

Help is offered, and is freely given to every nervous, delicate woman, by Dr. Pierce's Favorite Prescription. Remember ingredients on label. No alcohol. In tablet or liquid form. All druggists. Tablets sell for 60 cents.

In "female complaint," irregularity or weakness, and in every exhausted condition of the female system, the "Prescription" seldom fails to benefit or cure. Pains, internal inflammation and ulceration, weak back, and kindred ailments are cured by it, as your neighbor. It's a marvelous remedy for nervous and general debility, insomnia, or sleeplessness.

Write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever. Send 10c for trial pkg. "Favorite Prescription Tablets."

LAPORTE, IND.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that the critical time would go hard with me, but one bottle of Favorite Prescription completely removed my pains and the change came on so easily that I was scarcely conscious of it. It is fifteen years since I took the 'Prescription' and I am just as strong and well as can be and have never had the least sign of weakness since.—Mrs. S. J. BAKER, 916 Scott St.

Original Patented Pipeless Furnace

"I would not take \$1,000 for my Caloric Pipeless Furnace if I could not get another one. My house is 24x28, 2 stories high, and it heats it all over, up stairs and down, with less coal than it would take to run a 16-inch heating stove."

W. M. KOENIG.

When every effort is being put forth to economize coal, and with fuel so difficult to obtain, the Caloric becomes a national asset.

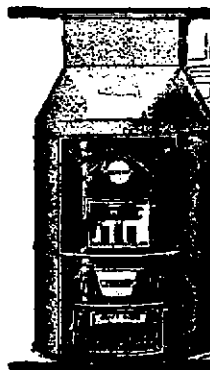

The cause of its superiority lies in the patented and exclusive features that distinguish the Caloric from all others, and enable us to sell it on an absolute guarantee of satisfaction and service.

## Doctors Urge People to Use More Iron and Phosphates

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve builder in the Spring season when so many are all run down and dragged out, due to lack of fresh air, exercise, green foods and clogged blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves, and many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known, that there is no need of anyone going around tired out, all in nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right, you owe it to yourself and friends.

To insure Physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

## LADY PINK TOES HAS HER INNINGS

There is no excuse today for women to have ugly, painful corns

For a few cents you can get from any drug store a quarter ounce of the magic drug freezone recently discovered by a Cincinnati chemist.

Apply a few drops of this freezone upon a tender, aching corn or callus and instantly, yes, immediately, all soreness disappears and shortly you will find the corn or callus so loose that you lift it out, root and all, with the fingers. Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical. You just try it!

## Phum Creek Will Stage An Egg Drive

It Will Start Simultaneously With Red Cross War Fund Campaign and Women of Auxiliary Are Expecting Good Results. Proceeds to be Used to Buy Material For Boys From Neighborhood in Service.

The women of the Plum Creek Red Cross Auxiliary are planning an egg drive for that section of the county to be conducted Monday, May 20. The drive will start simultaneously with the Red Cross War fund campaign and as the women expect the best of co-operation from all of the residents of that vicinity, a good sum will doubtless be added to the treasury of the auxiliary, for the purpose of buying material for the boys of the Plum Creek neighborhood who are in training in the various camps.

The Washington township auxiliary set the example by holding the first egg drive, from which \$171.91 was derived, and it was advocated that a similar campaign be conducted by other auxiliaries. Five hundred and twenty-five dozens of eggs were contributed in Washington township.

The regular semi-monthly meeting of the Priscilla Art club of Falmouth was held yesterday afternoon at the home of Miss Ada McConnell when eleven club members and two guests were entertained. The afternoon was spent doing Red Cross sewing for the local chapter. The society recently completed two comforts for the society and have begun work on the third. At the close of the meeting the hostess served a dainty luncheon in the dining room where an artistic decorative scheme of green and white was used. The next meeting will be held in two weeks with Mrs. Jesse Reese at her home in Falmouth.

The bazaar which was given by the members of the Immaculate Sodality for the benefit of the Knights of Columbus war camp fund closed last night after a most successful two night affair. Approximately \$60 was cleared for the fund. The K. of C. club rooms in which the affair was held, was filled with guests last night, many of whom were attending the bazaar while others took part in the penny card party which was the feature of the evening. At the close of the affair a penny lunch was served.

The home of Mr. and Mrs. H. M. Jeffery was the scene of a pleasant all day party yesterday when they entertained in honor of several out-of-town guests. A pretty dinner party was served at noon and in the afternoon cards furnished amusement for the guests. Among the guests were Mr. and Mrs. George Holbrook of California, J. P. Man-

## Stomach Misery Get Rid of That Sourness, Gas and Indigestion

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Johnson's Drug Store and all leading druggists. —(Adv.)

love and Mrs. F. E. Pruitt of Cambridge City and E. W. Ray of Toledo, Ohio.

Mr. and Mrs. J. Frank Wilson entertained at their home near New Salem Wednesday with an attractively appointed dinner party. The guests, who included the members of the I. U. G. club were as follows: Mr. and Mrs. Iva Logan, Mr. and Mrs. Carl Logan, Mr. and Mrs. James Miller, Mr. and Mrs. James Oneal, Mr. and Mrs. James Stiers, Mr. and Mrs. Charles Fisher, and daughter, Margaret, Mr. and Mrs. Walter Wilk and family, Mr. and Mrs. Roy Murphy and daughter, Beulah, Russell Murphy, Mr. and Mrs. L. S. Stewart, Mr. and Mrs. Donald Wilson and son.

A quiet wedding took place yesterday afternoon, at the Methodist church parsonage in North Morgan street, when Miss Leah H. Lane, daughter of Mr. and Mrs. Bronson Lane, of Manilla, became the bride of Joseph H. Arbuckle, son of Mr. and Mrs. Sanford Arbuckle, also of Manilla, the Rev. Clyde S. Black officiating. The bridal couple were attended by Mr. and Mrs. Earl T. Arbuckle, of Shelbyville. The bridegroom, Joseph H. Arbuckle, is home on a furlough from Camp Grant, Illinois, where he is in training in the quarter master's department.

Mrs. Elmer Humes will be hostess to the members of the War Mothers club tomorrow afternoon at her home at Seventh and Harrison streets. The officers desire a good attendance and have issued a special invitation mainly to the soldiers mothers who reside in the country. The meeting is being held on Saturday afternoon especially for their benefit, in order that they might have a greater opportunity to attend the meeting.

The women of the Missionary society of the Center Christian church are making final preparations for the staging of their pageant at the church on Sunday evening, May 19 at eight o'clock. "The Call of the Church to Me" is the title of the production which portrays the happenings in the various lands of the Orient where missionary work is being done.

Mr. and Mrs. Levi Retherford and daughter, Miss Nelle Retherford and Mr. and Mrs. J. A. Jones were guests yesterday at a dinner at the home of Mr. and Mrs. Jess Retherford when Mr. Retherford's birthday was celebrated.

## Gerard Film Is Valuable For Its Historical Side

"My Four Years in Germany" by Former Ambassador Comes to The Princess Monday

IS AN ACCURATE ADAPTION

Proclaimed to be fine propaganda material and a valuable historical document, Ambassador Gerard's "My Four Years in Germany" opens a two days engagement at the Princess Monday.

The movie is said to be an accurate adaption of the ambassador's famous book, after which the movie is named. Hubert Brown plays the role of Ambassador Gerard, while Louis Dean plays the kaiser.

The New York Clipper has this to say of the Gerard movie:

"This film is a picturization of the events following the now famous Zaberna incident, and continuing down to the declaration of war by America. The efforts of Ambassador Gerard to prevent a severance of diplomatic relations between this country and Germany are shown, and the inner workings of the imperial court are also disclosed. The meetings of the Reichstag, in which these questions of war and peace were discussed, are pictured, and

## Scholars Are All Asked To Co-Operate

Rush County Domestic Science Students Are Requested to Join Volunteer Demonstration Club Because of Demand For Demonstrators. Mrs. Burl Matney, Rush County Chairman, Should be Notified.

Rush county women, especially those who were studying home economics and domestic science during the winter will be given an opportunity to continue their study during the summer by practical application of their work, according to the information received by Mrs. Burl Matney, county chairman of Rush county's Home Economics committee.

Because there is an urgent demand at present for food demonstrators to take charge of the work through the state, Purdue university has taken over part of the work but will be unable to supply all of the requests for demonstrators without the co-operation of domestic science scholars.

Already numerous Rush county economic students are beginning to ask, "What can I do to help this summer?" and will be given an opportunity to work along the lines which they have chosen for specialization.

Mrs. Matney is desirous that any Rush county girl or woman who is accomplished sufficiently along these lines of Home Economics to send their names, addresses, amount of home economic training and the amount of time they could spend on the work, to her and in turn it will be forwarded to the state headquarters.

Because there will be several clubs in the county who will desire food instructors this summer and especially during the canning season, the state department suggests that if the Purdue board will be unable to supply the demonstrators, they might be supplied through this volunteer organization, thus rendering much valuable service.

Any persons in the county who wish to become enrolled in the volunteer demonstration organization should enter their names with Mrs. Matney at once as it is desired that the plans be completely organized in three weeks, when the colleges are out and plans must be completed to begin the demonstration work immediately. Mrs. Matney may be reached on the telephone through New Salem and her address is Glenwood.

every incident that led to the beginning of the war, and to the present day is shown. The treatment of prisoners is depicted. Gerard also discloses secrets which the world at large did not know.

"This picture is an historical treatise, and should be taken as such. It was meant for students of history and of current events. The characters are more of less perfectly drawn the best being Bethmann-Hollweg, von Hindenburg, Ambassador Gerard and von Tiritz.

"Several patriotic scenes have been added, and they put a final punch in the picture that will send it over anywhere it is shown. The titles have been chosen from the book, and fit in admirably. A dash of comedy has been added, and tends to lessen the tension of the picture. With Gerard's name as an asset, and history as a theme, the picture is bound to be a successful one."

## WHAT YOUR DOLLARS DO

One Hundred Cents' Worth of Mercy and Relief for Every War Fund Dollar.

Your Red Cross dollars—every cent of every Red Cross dollar—actually relieves suffering—actually goes as you give it, for war relief. Not one cent of any contribution goes into Red Cross administration expenses—the overhead of War Fund administration is more than covered by the interest accruing from the banking of the funds. All relief work not pertaining to the war is amply covered by the normal revenues of the Red Cross through membership dues.

Your answer to humanity's cry—your donation to war relief—includes not only the care and restoration of the wounded. It is a mission of mercy to the famished, the homeless and helpless, the lame, the halt, and the blind—all the victims of war that appeal to the heart of mankind.

The relief of invalided soldiers, relief of the mutilated and blind, training of crippled soldiers for useful pursuits—relief service for the care and revival of soldiers on furlough from the front—relief of children throughout devastated territory—relief of dependent families of soldiers—relief to prisoners in Germany—relief among repatriated people returning to France—children's refugees and hospitals—these are among the divisions of organized work that carries practical aid to its every object in a wide field of activity. Its scope embraces Russia, Roumania, Serbia, Italy and Armenia—besides the great field of France.

Your donation makes this great mission of mercy your own.

The Red Cross carries 100 cents' worth of aid for every dollar donated.

## THIS IS THE TRUE RED CROSS SPIRIT

A Little Story With a Big Thought in It.

A month ago the Red Cross chapter in Bay City, Mich., received a hurry-up call for 150 dunnage bags. Troops were about to move, and through an oversight their equipment was not complete. The bags had to be made and sent within 48 hours. A request for help was sent over the town, and the stores were searched successfully for the right materials. Among those who quickly responded and came to the chapter workrooms to help were two little girls, sisters, about ten and twelve years of age, each eager to lend a hand and do something for the boys who were going to the front. All day long the fingers of the women and the little girls were fairly flying. Bag after bag received the last stitch until scores were piled up ready for shipment. Closing time came, and the woman superintending the making of the bags counted those completed and announced that if every one of the workers could come early the next morning and work all day the bags would surely be finished in time for shipping by evening. Two crestfallen little girls, the little sisters, were waiting for her at the door as she departed.

### Red Cross Dunnage Bags.

"We are awfully sorry, ma'am," said the older of the two, "but we can't come back tomorrow. You see tomorrow we have to—" And, without finishing the sentence, she looked back wistfully at the pile of bags.

"It is too bad you can't come back," said the superintendent, "but I want to thank you, and we all thank you, for the work you've done today. You two have been a wonderful help, and that pile of bags wouldn't be nearly so big if you hadn't been here. Good night."

The next morning when the superintendent came down to unlock the workrooms for the day she was astonished to see the two little girls standing in the cold by the locked door.

"Oh, I'm so glad to see you!" she said. "I thought you said you couldn't come."

"Oh, we knew those Red Cross bags just had to be finished for the soldiers," exclaimed the little one, with glistering eyes, "and we got up at three o'clock this morning and got the washing done early!"

### SAVE THE WHEAT TALKS

No. 4

America Has Lived On Corn Before.

Our population has lived before this on corn. For three years the Southern States lived and put up a good fight with no wheat. For periods of four and five years at a stretch no wheat was known to the people of New England. There is no reason why we should insist on having the most luxurious grain at this time, when it is our only transportable grain.

Mr. Robert Williams, Galesburg, Mo.

December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story—and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco—if they once become acquainted with a real dentifrice—with what a dentifrice can and should be—they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,  
SENRECO,  
CINCINNATI.

Dr. E. H. Pence Emphasizes Moral Condition After War Depends on What Organization Does

## CHRISTIAN IDEALS FOREMOST

What the Y. M. C. A. is doing for the boys in training and the services which it will render after the war is ever was discussed last night by the Rev. E. H. Pence, D. D., a Y. M. C. A. hut pastor, at the First United Presbyterian church. The Rev. Mr. Pence for some time has been connected with the Westminster First United Presbyterian church in Portland, Oregon and recently gave up his pastorate there in order to assist in the Y. M. C. A. work at Camp Lewis, Oregon which is one of the largest cantonments in the entire country. The speaker emphasized the fact that the moral condition of the country as it will exist after the war depends largely on the work which the "Y. M." does for the boys now. It is the duty of the organization, declared the speaker, to keep Christian ideals foremost in the minds of the boys, if the desired results are obtained in future years.

# K. OF C. WAR CAMP FUND OVER THE TOP

With Reports from Canvassing Teams Still Out, It Is Certain That Allotment is Reached

## NO OVERSUBSCRIPTION TRIED

Rush county has again done herself proud and in the Knights of Columbus war fund drive which was completed last night, went over the top in excellent form. With the reports from various canvassing teams still out standing, the executive committee of the organization has compiled sufficient reports in the county to disclose the fact that the donations through the county which have been most generous, have been sufficient to put the county over in the \$2,000 allotment, which Rush county was asked to subscribe. Although the canvass did not consist of the usual house-to-house solicitation every family in the county, desiring to subscribe to the fund, was given an opportunity and the response from the county in general was excellent. No attempt was made to roll up a monster oversubscription although the final report is expected to contain a report of a surprising total.

## CLASS WILL STAGE A CLEVER PLAYLET

"As a Woman Thinketh" Will be Presented by Sunday School Class of Arlington Christian Church

## PROCEEDS GO FOR BONDS

"As a Woman Thinketh," a clever three act comedy, will be staged Wednesday evening, May 22 in the high school auditorium of the Arlington high school by the members of the Young Peoples class of the Christian church. The play which will be produced under the direction of Miss Ozella Blanton is given for the benefit of the class and the proceeds will be played in Liberty bonds. The class represents a goodly amount of theatrical talent and as former performances, the production of the approaching play is being regarded with anticipation by the residents of that vicinity.

## The First Three!

FIRST of the American Army—they died in France! Gresham! Enright! Hay! They died for us. And willingly. But not, pray God, in vain.

For the sake of them, if for no other reason, will you not give to the Red Cross which will care for the men that follow them?

For the sake of what they died for, will you not give—and give till the heart says stop?

None of us here can give as greatly as they gave and as others are yet to give. But can we not sacrifice ourselves a little? Will you take a little from the comforts of your life and give, not a mere "conscience gift" that saves your pride and lets you say to yourself: "I have given to the Red Cross"—but a gift that cuts down into the quick and hurts because it makes you deny yourself? One hundred million dollars is needed now.

Remember—they gave till they died! Of them we asked their lives; of you only money. Millions of Americans will pledge a part of each month's earnings during June, July, August and Sept.

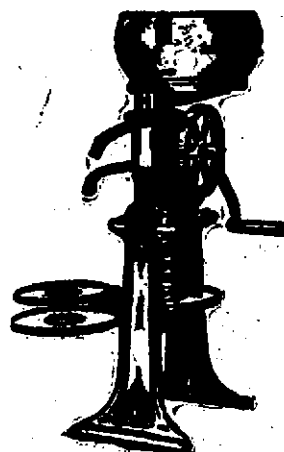

What Will You Do To Help?  
Red Cross 2nd War Fund May 20-27

Every cent given to Red Cross War Fund goes for War Relief.  
The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.  
It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.  
It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.  
It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.  
Thus does Red Cross help to win the war. Congress authorizes it. President Wilson heads it. The War Department audits its accounts. Your Army, your Navy, and your Allies enthusiastically endorse it. Twenty-two million Americans have joined it.
